Dear Norm:

I am sorry that your note of May 18 has gone so long unacknowledged.
It arrived just at the time of my return from six weeks in Japan.

I am very glad to hear that you have agreed to work on the "Gulliver"
project. I wish they had had the benefit of your wise counsel sooner,
and am now sure a much sounder job will come of it.

As ever,

Joshua Lederberg
Professor of Genetics
